

University of WHAT?!?

Are we really the University OF Hawai'i? How would a visitor to a class here know that? What have our graduates gained from coming to our institution that they can't get at other institutions? Can this institution truly be OF Hawai'i?

5 experts in Hawaiian academics and community activism will participate in a panel discussion on the topic of Hawaiianizing the University of Hawai'i. These experts have experience in developing curriculum and teaching Hawaiian focused courses and programs in the university system and Hawaiian charter schools. They have been staunch critics and supporters of the University of Hawai'i. Please join us for this provocative discussion aimed at helping our institution live up to its name.
